The following table gives items of export :—

The price for Seal Oil was slightly in advance of the price of 1889, and so also was the price realized for Seal Skins.

The remarks of last year under this head may be emphasised, viz.:—"The rigid enforcement of the regulations governing this industry, especially those against the taking of undersized fish, seems to be the only hope of saving this valuable fishery from total depletion."

HERRING FISHERY.

There has been a decrease amounting to \$44,880 as the result of this year's Herring Fishery. This was partially due to the mildness of the weather and the consequent difficulty in freezing the fish for market.

1898—1899.		
Frozen Herring	54,370 brls.....	\$79,515
Pickled "	66,946 "	166,356

SALMON FISHERY.
